Summary of Qualifications

- 8+ years of experience providing expertise in the telecommunications, power and manufacturing industries
- Passionate about learning new and emerging technologies, leveraging them to solve specific needs; proven ability to maintain networks and systems as well as upgrading and installing new infrastructure
- Demonstrated ability to implement streamlined processes to execute and exceed set goals and targets in a fast-paced environment
- Proficiency in Microsoft Office Suite, Google Docs, Windows and Android; adaptable to different settings to learn quickly
- Great interpersonal and communication skills
- Fluent in spoken and written English

Technical Skills

Operating Systems:	<i>Windows, Linux, macOS, Android, iOS</i>
Applications & Tools:	<i>Microsoft Excel, Google Sheets</i>
Tools:	<i>Google Workspace, Visual Studio, Jupyter</i>
Project Management Fundamentals:	<i>Agile, Waterfall, Scrum, Kanban</i>
Languages:	<i>Javascript, Python, HTML, CSS, Java, C++</i>

Education & Certifications

Microsoft Azure AI Fundamentals Professional Certificate

IBM Data Analyst Professional Certificate

Data Analyst Program

NPower Canada

14-week intensive online training on the fundamentals of computer technology, and project management

- Utilize Excel spreadsheets to perform data wrangling and data mining
- Develop working knowledge of Python language for data analysis using Pandas and Numpy
- Effectively complete a capstone project by collecting data from multiple sources, performing exploratory data analysis, data wrangling, statistical analysis and mining of the data using Python libraries
- Work extensively on creating charts and plots to visualize data, and building an interactive dashboard using IBMs Cognos Analytics and various Excel charts/graphs
- Visualize data using Python libraries including Matplotlib, Seaborn, Plotly and Dash
- Compose queries to access data in cloud databases using SQL and Python from Jupyter notebooks
- Explain AI concepts, benefits of machine learning and other core Azure AI features
- Use Azure AI services and choose the tools that best address a company's challenges
- Control Azure spending and manage bills by recommending the correct AI systems, tools and implementations
- Demonstrated a high level of understanding of Agile Project Management Lifecycle and key techniques and successfully complete Agile projects using tools such as Scrum, Kanban, Jira

DevOps Associate Certificate

Cisco Certified Network Associate

BSc (Hons.), Applied Physics (Major in Electronics)

University of Lagos

National Diploma, Industrial Maintenance Engineering

Yaba College of Technology

Work Experience

Outside Plant Supervisor

August 2020 – November 2023

ipNX Limited (Hybrid remote)

- Managed the activities of third-party contractors to ensure that executed projects met industry standards, leading to a robust, high quality outside plant network structure
- Planned and assigned preventive and corrective maintenance tasks to different teams, which reduced service downtime and frequency
- Prepared as-maintained documents of the outside plant network, to keep the infrastructure documentation up to date
- Inspected projects to ensure they met the company's standards and were fit for acceptance
- Prepared quotations and bills of materials for intended projects and repairs, using approved rates to ensure accurate cost estimates and resource allocation

Technician

October 2017 – August 2020

Rignet AP Facilities and Services (Hybrid remote)

- Installed fiber equipment, demonstrating expertise in handling various components and ensuring seamless integration into existing infrastructure
- Executed installation plans, adhering to industry standards, and collaborating with cross-functional teams to achieve project objectives
- Troubleshoot network issues to identify and resolve them promptly, ensuring the continuous and reliable operation of fibre optic systems
- Collaborated with support teams to implement solutions, contributing to a quick resolution of problems and minimizing service disruptions

Volunteer Experience

President

January 2017 – October 2017

Servicom Community Development Service

- Provided strong leadership, coordinating approximately 45 diverse National Youth Service Corps (NYSC) members aged 23-30 to achieve local community development needs
- Organized and performed outreach initiatives to area schools aimed at increasing staff members' awareness of their rights and duties as workers, helping to meet Servicom's mandate
- Engaged in public speaking, representing the community development group in various forums, including presenting to other community development groups with audiences of more than 400
- Successfully mediated conflicts, promoting group cohesion and effective problem-solving
